Product code	Description				
303	Ferro Ferene / Iron Ferene B75182529 - B74182717 - B74182737				
Components:					
282605	Riducente Ferro Ferene (20x)				
282604	Tampone Ferro Ferene				
282606 Reagente Ferene					

Page 1/7

Safety data sheet

according to Regulation (EC) No 1907/2006, Article 31 including amending Regulation EU/2020/878

Printing date 27.09.2024

Version number 1

Revision: 21.06.2024

1 Identification of the substance/mixture and of the company/ undertaking

- · 1.1 Diagnostic Reagent
- · Trade name: Riducente Ferro Ferene (20x)
- Article number: 282605
- **UFI:** K250-T06D-E006-PFAH
- 1.2 Relevant identified uses of the substance or mixture and uses advised against

Relevant Identified Uses: For laboratory use only Uses advised against: Uses other than those recommended

- \cdot Application of the substance / the mixture <code>Diagnostic</code> reagent
- \cdot 1.3 Details of the supplier of the safety data sheet

• Manufacturer/Supplier: Sclavo Diagnostics International Via Po 26-28, Loc. Pian dei Mori CAP: 53018 - SOVICILLE - (SI) ITALY

- · Further information obtainable from: Product safety department.
- · 1.4 Emergency telephone number: +39 0577 390 444 / 445

2 Hazards identification

- 2.1 Classification of the substance or mixture
 Classification according to Regulation (EC) No 1272/2008 The product is not classified, according to the CLP regulation.
- · 2.2 Label elements
- · Labelling according to Regulation (EC) No 1272/2008 Void
- · Hazard pictograms Void
- · Signal word Void
- · Hazard statements Void
- · 2.3 Other hazards
- · Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- **vPvB:** Not applicable.

3 Composition/information on ingredients

- · 3.2 Mixtures
- Description:

Mixture of substances listed below with nonhazardous additions.

· Dangerous components: Void

(Contd. on page 2)

[,] TE

Printing date 27.09.2024 Version number 1 Re

Revision: 21.06.2024

Trade name: Riducente Ferro Ferene (20x)

• Additional information:

(Contd. of page 1)

For the wording of the listed hazard phrases refer to section 16.

4 First aid measures

- · 4.1 Description of first aid measures
- · General information: No special measures required.
- After inhalation:
- Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin.
- After eye contact:
- Rinse opened eye for several minutes under running water.
- · After swallowing: If symptoms persist consult doctor.
- 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- \cdot 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents:
- Use fire extinguishing methods suitable to surrounding conditions.
- \cdot 5.2 Special hazards arising from the substance or mixture
- No further relevant information available.
- \cdot 5.3 Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Not required.
- 6.2 Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water.
- 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- 6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7 Handling and storage

- · 7.1 Precautions for safe handling No special measures required.
- Information about fire and explosion protection: No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.

(Contd. on page 3)

Printing date 27.09.2024 Version number 1 Revision: 21.06.2024

Trade name: Riducente Ferro Ferene (20x)

- (Contd. of page 2)
- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.
- · 7.3 Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

	8.1 Control parameters
•	Ingredients with limit values that require monitoring at the workplace:
	The product does not contain any relevant quantities of materials with
	critical values that have to be monitored at the workplace.
•	Additional information:
	The lists valid during the making were used as basis.
	8.2 Exposure controls
•	Appropriate engineering controls No further data; see section 7.
•	Individual protection measures, such as personal protective equipment
•	General protective and hygienic measures:
	The usual precautionary measures are to be adhered to when handling
	chemicals.
•	Respiratory protection: Not required.
•	Hand protection
	The glove material has to be impermeable and resistant to the product/
	the substance/ the preparation.
	Due to missing tests no recommendation to the glove material can be
	given for the product/ the preparation/ the chemical mixture.
	Selection of the glove material on consideration of the penetration
	times, rates of diffusion and the degradation
•	Material of gloves
	The selection of the suitable gloves does not only depend on the
	material, but also on further marks of quality and varies from
	manufacturer to manufacturer. As the product is a preparation of
	several substances, the resistance of the glove material can not be
	calculated in advance and has therefore to be checked prior to the
	application.
•	Penetration time of glove material
	The exact break through time has to be found out by the manufacturer of
	the protective gloves and has to be observed.
•	Eye/face protection Goggles recommended during refilling
9	Physical and chemical properties
•	9.1 Information on basic physical and chemical properties
•	General Information
•	Physical state Fluid
•	Colour: Colourless
•	Odour: Odourless
•	Odour threshold: Not determined.
•	Melting point/freezing point: Undetermined.

- Melting point/freezing point:
- · Boiling point or initial boiling point and boiling range
- · Flammability
- · Lower and upper explosion limit
- · Lower:
- Upper:

100 °C (7732-18-5 water, distilled, conductivity or of similar purity)

Not applicable.

Not determined.

Not determined.

Revision: 21.06.2024

Trade name: Riducente Ferro Ferene (20x)

· Desensitised explosives

10 Stability and reactivity

- · 10.1 Reactivity No further relevant information available.
- · 10.2 Chemical stability
- \cdot Thermal decomposition / conditions to be avoided:
- No decomposition if used according to specifications.
- · 10.3 Possibility of hazardous reactions No dangerous reactions known.
- 10.4 Conditions to avoid No further relevant information available.
- \cdot 10.5 Incompatible materials: No further relevant information available.

Void

· 10.6 Hazardous decomposition products:

No dangerous decomposition products known.

11 Toxicological information

•	11.1 Information on hazard classes as defined in Regulation (EC) No
	1272/2008
•	Acute toxicity
	Based on available data, the classification criteria are not met.
•	Primary irritant effect:
•	Skin corrosion/irritation
	Based on available data, the classification criteria are not met.
•	Serious eye damage/irritation
	Based on available data, the classification criteria are not met.
•	Respiratory or skin sensitisation
	Based on available data, the classification criteria are not met.
٠	Germ cell mutagenicity
	Based on available data, the classification criteria are not met.
٠	Carcinogenicity
	Based on available data, the classification criteria are not met.
٠	Reproductive toxicity
	Based on available data, the classification criteria are not met.
•	STOT-single exposure
	Based on available data, the classification criteria are not met.
•	STOT-repeated exposure
	Based on available data, the classification criteria are not met.
•	Aspiration hazard
	Based on available data, the classification criteria are not met.
•	11.2 Information on other hazards
•	Endocrine disrupting properties
	The product contains substances, which affect the thyroid system and
	other hormonal systems.
	None of the ingredients is listed.

12 Ecological information

- · 12.1 Toxicity
- · Aquatic toxicity: No further relevant information available.
- · 12.2 Persistence and degradability
- No further relevant information available.
- · 12.3 Bioaccumulative potential
 - No further relevant information available.

15 Regulatory information

 \cdot 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

· Directive 2012/18/EU

· Named dangerous substances - ANNEX I None of the ingredients is listed.

 DIRECTIVE 2011/65/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment - Annex II

None of the ingredients is listed.

· REGULATION (EU) 2019/1148

 Annex I - RESTRICTED EXPLOSIVES PRECURSORS (Upper limit value for the purpose of licensing under Article 5(3))

None of the ingredients is listed.

· Annex II - REPORTABLE EXPLOSIVES PRECURSORS

None of the ingredients is listed.

· Regulation (EC) No 273/2004 on drug precursors

None of the ingredients is listed.

 Regulation (EC) No 111/2005 laying down rules for the monitoring of trade between the Community and third countries in drug precursors
 None of the ingredients is listed.

- · 15.2 Chemical safety assessment:
 - A Chemical Safety Assessment has not been carried out.

16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship. This Safety Data Sheets is in compliance with Regulation (EC) No 1907/2006, Article 31 as amended by Regulation (EU) 2020/878.

4 First aid measures

- \cdot 4.1 Description of first aid measures • General information: Immediately remove any clothing soiled by the product. • After inhalation: In case of unconsciousness place patient stably in side position for transportation. · After skin contact:
- Immediately wash with water and soap and rinse thoroughly.
- · After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.
- After swallowing: Drink plenty of water and provide fresh air. Call for a doctor immediately.
- · 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- · 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents:
- Use fire extinguishing methods suitable to surrounding conditions. · 5.2 Special hazards arising from the substance or mixture
- During heating or in case of fire poisonous gases are produced. · 5.3 Advice for firefighters
- · Protective equipment: Mouth respiratory protective device.

6 Accidental release measures

· 6.1 Personal precautions, protective equipment and emergency procedures Mount respiratory protective device. Wear protective equipment. Keep unprotected persons away. · 6.2 Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water. · 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralising agent. Dispose contaminated material as waste according to section 13. Ensure adequate ventilation. · 6.4 Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

(Contd. on page 4)

Printing date 27.09.2024 Version number 1

Revision: 27.09.2024

Trade name: Tampone Ferro Ferene

(Contd. of page 3)

7 Handling and storage

- 7.1 Precautions for safe handling Ensure good ventilation/exhaustion at the workplace. Prevent formation of aerosols.
- Information about fire and explosion protection: Keep respiratory protective device available.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- · Requirements to be met by storerooms and receptacles:
- No special requirements.
- Information about storage in one common storage facility: Not required.
 Further information about storage conditions:
- Keep container tightly sealed.
- · 7.3 Specific end use(s) No further relevant information available.

8 Exposure controls/personal protection

· 8.1 Control parameters

•	Ingredients	with	limit	values	that	require	monitoring	at	the	workplace:
---	-------------	------	-------	--------	------	---------	------------	----	-----	------------

64-19-7 acetic acid

OEL Short-term value: 50 mg/m³, 20 ppm Long-term value: 25 mg/m³, 10 ppm IOELV

1310-73-2 sodium hydroxide

OEL Short-term value: 2 mg/m³

· Additional information:

The lists valid during the making were used as basis.

- · 8.2 Exposure controls
- · Appropriate engineering controls No further data; see section 7.
- Individual protection measures, such as personal protective equipment
 General protective and hygienic measures:

Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing Wash hands before breaks and at the end of work. Avoid contact with the eyes.

Avoid contact with the eyes and skin.

 Respiratory protection: In case of brief exposure or low pollution use respiratory filter device. In case of intensive or longer exposure use self-contained respiratory protective device. Required when vapours/aerosols are generated. Our recommendations on respiratory protection filtering are based on the following standards: DIN EN 143, DIN 14387 and other associated standards relating to the respiratory protection system used. Suggested filter type: ABEK filter type
 Hand protection

Protective gloves

• **STOT-repeated exposure** Based on available data, the classification criteria are not met.

• Aspiration hazard Based on available data, the classification criteria are not met.

11.2 Information on other hazards
Endocrine disrupting properties

The product contains substances, which affect the thyroid system and other hormonal systems.

None of the ingredients is listed.

12 Ecological information

· 12.1 Toxicity

- Aquatic toxicity: No further relevant information available.
 12.2 Persistence and degradability
- No further relevant information available.
- · 12.3 Bioaccumulative potential
- No further relevant information available.
- · 12.4 Mobility in soil No further relevant information available.
- · 12.5 Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- 12.6 Endocrine disrupting properties The product does not contain substances with endocrine disrupting properties.
- \cdot 12.7 Other adverse effects
- \cdot Additional ecological information:
- General notes: Water hazard class 2 (German Regulation) (Self-assessment): hazardous for water Do not allow product to reach ground water, water course or sewage system. Must not reach sewage water or drainage ditch undiluted or unneutralised.

Danger to drinking water if even small quantities leak into the ground.

13 Disposal considerations

- · 13.1 Waste treatment methods
- **Recommendation** Must not be disposed together with household garbage. Do not allow product to reach sewage system.
- · European waste catalogue
- HP8 Corrosive
- Uncleaned packaging:
- · Recommendation:
- Disposal must be made according to official regulations.
- · Recommended cleansing agents:
- Water, if necessary together with cleansing agents.

Safety data sheet

according to Regulation (EC) No 1907/2006, Article 31 including amending Regulation EU/2020/878

Printing date 27.09.2024

Version number 1

Revision: 21.06.2024

3 Composition/information on ingredients

- · 3.1 Substances
- CAS No. Description

7732-18-5 water, distilled, conductivity or of similar purity

(Contd. on page 2)

Printing date 27.09.2024 V

Version number 1

Trade name: Reagente Ferene

Identification number(s)

(Contd. of page 1)

• EC number: 231-791-2

4 First aid measures

- · 4.1 Description of first aid measures
- · General information: No special measures required.
- After inhalation:
- Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin. • After eye contact:
- Rinse opened eye for several minutes under running water.
- After swallowing: If symptoms persist consult doctor.
- 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- \cdot 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

5 Firefighting measures

- \cdot 5.1 Extinguishing media
- Suitable extinguishing agents:
- Use fire extinguishing methods suitable to surrounding conditions.
- \cdot 5.2 Special hazards arising from the substance or mixture
- No further relevant information available.
- \cdot 5.3 Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Not required.
- · 6.2 Environmental precautions: Dilute with plenty of water.
- 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders,
- universal binders, sawdust).
 6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

7 Handling and storage

- · 7.1 Precautions for safe handling No special measures required.
- · Information about fire and explosion protection:
- No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.
