

25.06.2024	Kit Components	
Product code	Description	
CS1087406	S. Paratyphi B antigen H - Slide Test	
Components:		
392504	Sospensione S. Paratyphi B antigen H	
392073	Tampone PBS pH 7.2	

Page 1/6

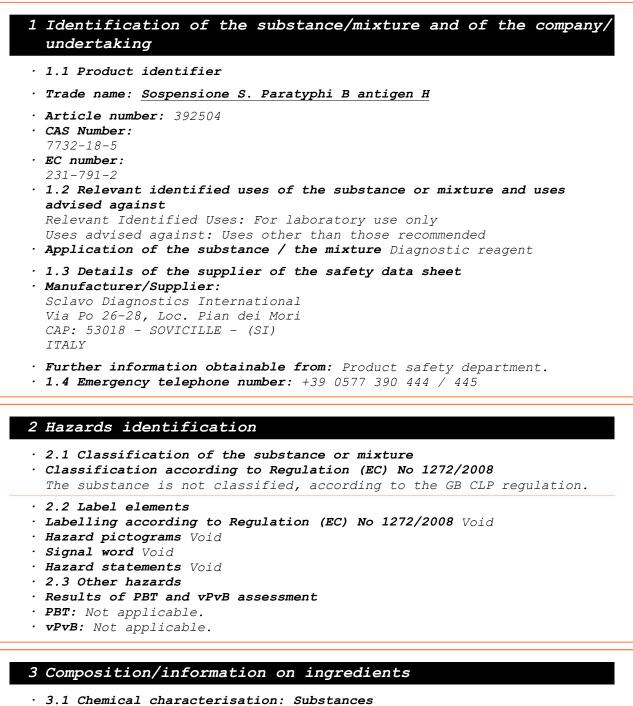

# Safety data sheet

according to UK REACH

Printing date 25.06.2024

Version number 1

Revision: 25.06.2024

• CAS No. Description 7732-18-5 water, distilled, conductivity or of similar purity

(Contd. on page 2)

Printing date 25.06.2024

Version number 1

Revision: 25.06.2024

(Contd. of page 1)

Trade name: Sospensione S. Paratyphi B antigen H

- Identification number(s)
- EC number: 231-791-2

## 4 First aid measures

- · 4.1 Description of first aid measures
- · General information: No special measures required.
- After inhalation:
- Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin.
  After eye contact:
- Rinse opened eye for several minutes under running water.
- After swallowing: If symptoms persist consult doctor.
- 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- · 4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

## 5 Firefighting measures

- · 5.1 Extinguishing media
- Suitable extinguishing agents:
- Use fire extinguishing methods suitable to surrounding conditions.
- · 5.2 Special hazards arising from the substance or mixture
- No further relevant information available.
- $\cdot$  5.3 Advice for firefighters
- · Protective equipment: No special measures required.

## 6 Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Not required.
- · 6.2 Environmental precautions: Dilute with plenty of water.
- 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).
- · 6.4 Reference to other sections
- See Section 7 for information on safe handling.
- See Section 8 for information on personal protection equipment.
- See Section 13 for disposal information.

# 7 Handling and storage

- 7.1 Precautions for safe handling No special measures required.
  Information about fire and explosion protection:
- No special measures required.
- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.

•	(Contd. of page <b>7.3 Specific end use(s)</b> No further relevant information available.
8	Exposure controls/personal protection
0	Exposure concrois/personal protection
•	8.1 Control parameters
•	Additional information about design of technical facilities:
	No further data; see section 7.
•	Ingredients with limit values that require monitoring at the workplac
	Not required.
•	Additional information:
	The lists valid during the making were used as basis.
	8.2 Exposure controls
	Personal protective equipment:
	General protective and hygienic measures:
	The usual precautionary measures are to be adhered to when handling
	chemicals.
•	Respiratory protection: Not required.
•	Protection of hands:
	The glove material has to be impermeable and resistant to the product
	the substance/ the preparation.
	Due to missing tests no recommendation to the glove material can be
	given for the product/ the preparation/ the chemical mixture.
	Selection of the glove material on consideration of the penetration
	times, rates of diffusion and the degradation
-	<b>Material of gloves</b> The selection of the suitable gloves does not only depend on the
	material, but also on further marks of quality and varies from
	marteriar, but also on further marks of quality and valles from manufacturer to manufacturer.
	Penetration time of glove material
	The exact break through time has to be found out by the manufacturer
	the protective gloves and has to be observed.
	<b>Eye protection:</b> Goggles recommended during refilling

VOC (EC)	0.00 %
Solids content:	0.9 %
9.2 Other information	No further relevant information available.

# 10 Stability and reactivity

· 10.1 Reactivity No further relevant information available.

- · 10.2 Chemical stability
- · Thermal decomposition / conditions to be avoided:
- No decomposition if used according to specifications.
- · 10.3 Possibility of hazardous reactions No dangerous reactions known.
- 10.4 Conditions to avoid No further relevant information available.
- · 10.5 Incompatible materials: No further relevant information available.
- · 10.6 Hazardous decomposition products:

No dangerous decomposition products known.

## 11 Toxicological information

- · 11.1 Information on toxicological effects
- Acute toxicity
- Based on available data, the classification criteria are not met.
- · Primary irritant effect:
- · Skin corrosion/irritation
- Based on available data, the classification criteria are not met. • Serious eye damage/irritation
- Based on available data, the classification criteria are not met. • Respiratory or skin sensitisation
- Based on available data, the classification criteria are not met.
- Additional toxicological information:
- CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)
   Germ cell mutagenicity
- Based on available data, the classification criteria are not met.

Carcinogenicity					
Based on available data,	the	classification	criteria	are	not met.
Reproductive toxicity					
Based on available data,	the	classification	criteria	are	not met.
STOT-single exposure					
Based on available data,	the	classification	criteria	are	not met.
STOT-repeated exposure					
Based on available data,	the	classification	criteria	are	not met.
Aspiration hazard					
Based on available data,	the	classification	criteria	are	not met.

# 12 Ecological information

- · 12.1 Toxicity
- · Aquatic toxicity: No further relevant information available.
- · 12.2 Persistence and degradability
- No further relevant information available.
- · 12.3 Bioaccumulative potential
  - No further relevant information available.
- · 12.4 Mobility in soil No further relevant information available.
- · Additional ecological information:
- · General notes: Not hazardous for water.
- · 12.5 Results of PBT and vPvB assessment
- · **PBT:** Not applicable.
- · vPvB: Not applicable.
- · 12.6 Other adverse effects No further relevant information available.

# 13 Disposal considerations

- · 13.1 Waste treatment methods
- Recommendation Smaller quantities can be disposed of with household waste.
- Uncleaned packaging:
- Recommendation: Disposal must be made according to official regulations.
  Recommended cleansing agents:
  - Water, if necessary together with cleansing agents.

## 15 Regulatory information

- · 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture
- · Poisons Act
- · Regulated explosives precursors
  - None of the ingredients is listed.
- Regulated poisons

None of the ingredients is listed.

· Reportable explosives precursors

None of the ingredients is listed.

· Reportable poisons

None of the ingredients is listed.

- · Directive 2012/18/EU
- · Named dangerous substances ANNEX I Substance is not listed.
- · 15.2 Chemical safety assessment:
- A Chemical Safety Assessment has not been carried out.

#### 16 Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
